## **DETAILED ACTION**

## Claim Rejections - 35 USC § 112

- 1. Claim 4 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
- 2. Regarding claim 4, the term "preferabably" renders the claim indefinite because it is unclear whether the limitation(s) following the phrase are part of the claimed invention. See MPEP § 2173.05(d).

### Allowable Subject Matter

- Claims 1-3 and 5-9 are allowed.
- 4. Claim 4 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
- 5. The following is a statement of reasons for the indication of allowable subject matter: The prior art does not suggest the combination of step of granulation og active lipophilic substance and a surfactant into granules, cooling the granules to a semi-solid, coating the semi-solid granules with filler(s), sieving to a specified size, mixing the sieved granules with tabletting aids and compressing.
